

TOYOTA YARIS CROSS 2021 →

Dog guard Art.nr. 40736

Also suitable for cars with panoramic roof

ASSEMBLY INSTRUCTIONS:

- Remove the privacy screen to facilitate installation
- NOTE! For the following steps, it is easier if there is a person on each side of the car.
- Fold the rear seat backrest halfway down and remove the two outer head restraints
 - Hold the dog guard in place as shown and push the head restraints back into place.
 - Fold up the backrests again.
 - Install the straps by passing them through the “top tether” brackets on the rear seat backrest and through the lower frame tube

- The dog guard must always be mounted so that the Artfex logo is on the right side inside the car seen from the rear
